KANSAS LAW

CONCERNING WHISKEY TRAFFIC

Who Has a Right to Destroy Saloon Fixtures, Etc.

In the State of Kansas the constitution provides: "The manufacture and sale of intoxicating liquors shall be forever prohibited in the State, except for medicinal, scientific and mechanical purposes." The statutes further provide: "All places where intoxicating liquors are manufactured, bartered or given away in violation of any of the provisions of this act or where intoxicating liquors are kept for sale, barter or delivery in violation of this act are hereby declared to be common nuisances and upon the judgment of any competent jurisdiction, finding such place to be a nuisance, under this section, the sheriff, his deputy or under deputy or any constable of the proper county, or marshal of any city where the same is located, shall be directed to shut up and abate such place by taking possession thereof and destroying all intoxicating liquors found therein, together with all signs, screens, bars, bottles, glasses, and other property used in keeping and maintaining such nuisance and the owner or keeper thereof shall, upon conviction, be adjudged guilty of maintaining a common nuisance and shall be punished by a fine of not less than \$100 nor more than \$500, and by imprisonment in the county jail not less than thirty days nor more than ninety days. The attorney general, county attorney, or any citizen of the county where such nuisance exists, or is kept, or is maintained, may maintain an action in the name of the State to abate and perpetually enjoin the same. The injunction shall be granted at the commencement of the action and no bond shall be required. Any person violating the terms of any injunction granted in such proceedings shall be punished as for contempt by a fine of not less than \$100 nor more than \$500, or by imprisonment in the county jail not less than thirty days nor more than six months or both such fine and imprisonment in the discretion of the court."

In writing of the work of Mrs. Nation Mrs. Francis Beauchamp, President of Kentucky W. C. T. U. says:

Mrs. Nation is an educated, cultured, refined woman, about sixty years of age, with gentle, motherly ways, a devout Christian. After a fruitless effort as a local leader to arouse the courts and the public officials to a performance of their solemn oaths to enforce the law, she determined that the sleeping public conscience should be aroused and that the children and the homes of Kansas should have the benefit of the protection that the law guaranteed to them. A home-maker, a mother and a grand mother, with the blood of Kentucky ancestors throbbing in her veins, she resolved to vex her righteous soul no longer by contending with the spirit of anarchy that had crept in to the high places of government in her State, but use the right of every free born citizen to oppose lawlessness, be that lawlessness found in the low joint keeper or in the perjured official who had refused to hear evidence against the joint keeper and enforce the law of the State as he had solemnly sworn to do. Mrs. Nation has done no new thing under the sun, she is simply treading in the well defined paths of pioneers in the ages of the past.

BATH COUNTY ITEMS.

BATHING.

A little son of George Perkins, near Moorfield, died of sunstroke and was buried here.

Robert Wilson and family moved to his farm near Millersburg, Friday to make their home.

O. Thursday last at 7 o'clock p. m. our old and esteemed citizen Geo. Batts passed away and was buried Saturday at Flemingburg among his relatives that have gone before. George Batts was a quiet, unobtrusive citizen.

SALT LICK

Capt. C. H. Whitcomb, aged about 71 years, died at Salt Lick February 8th, of consumption of the bowels. He was buried Saturday by the Masonic order, of which he was a member. He leaves three sons—W. A. and C. E., of Salt Lick, who are merchants, and one C. of Shelby, West Virginia. Mr. Whitcomb was an excellent citizen and will be greatly missed. He was born in the State of Maine on Nov. 6, 1830, and came to Kentucky in September, 1869, settling at Bangor, in the lower edge of Rocky mountain. He resided there until 1879, when he removed to West Liberty. Three years later he returned to Bangor, from which place he came to Salt Lick in 1887 and resided there until his death. He was a prominent member of the Methodist church, uniting with it about 50 years ago. He lived a consistent Christian life, setting an example which all could well follow.

Richard Norris died at the home of his son near Salt Lick, Friday, Feb. 8. He was nearly 90 years old.

OWINGSVILLE

Mrs. Nancy Hart died at her home on Rice's Run, in Bath county, on February 7th, at the age of 86 years, 11 months and 7 days. She had been a member of the Christian church since she was a young woman.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one cure for all diseases, and that it is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. Cheney, Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

A combination of the catarrh, cuff and shirt manufacturers is now regarded as a certainty. The interests represented aggregate \$20,000,000. Instead of having individual offices in the different cities, a single clearing-house will be established in each market covering the general business. This reduces largely the expense or cost of the article. Will the customer get the best?

Again I repeat, it is without a newspaper.

WALKED TEN MILES AND YET HE SLEPT.

WOODFORD COUNTY MAN WENT TO CALL ON HIS SICK SISTER.

At Versailles, Ky., Mack Sublette, a well known young man, boards at the Dean House. His father, Arthur Sublette, lives five miles south of Versailles. When Sublette started to his room between 11 and 12 o'clock Sunday night, February 10, he remarked to a friend: "My sister is very sick and I ought to have gone home tonight. Well, I'll drive out to-morrow."

He went to sleep at once. At 1 o'clock next morning a policeman met Sublette walking hurriedly toward McCowan's Ferry road. He hailed him, but received no reply. About 2 o'clock Sublette walked into his father's house and to his sister's bedside, inquired how she was, conversed with his stepmother some minutes, and before the family was aware of it he left the house. He walked back to Versailles and returned to bed at the hotel.

When Sublette awoke at six o'clock he was foot sore and exhausted, but knew nothing of his nocturnal jaunt, until he drove to his father's house and they questioned him about hurrying off in the night.

Sublette ridiculed the idea of having been there until the family's evidence was supported by that of his room-mate who missed him, the testimony of Policeman Albert Curtis, who met him in the street, and his own blistered feet and exhausted body.

"I was given up to die from heart and nervous troubles, caused by grip. Six bottles each of Dr. Miles' Heart Cure and Nerve Cure cured me."—Mrs. John Wollet, Jefferson, Wis.

Will Complete the Contract.

The contract for the tunnel work on the Ohio & Kentucky railroad abandoned by C. E. Loss & Co., of Chicago, has been taken up by Mason, Hodge & Co., of Frankfort, and will be pushed to rapid completion.

For the weakness and prostration following grippe there is nothing so prompt and effective as One Minute Cough Cure. This preparation is rightly endorsed as an unfailing remedy for all throat and lung troubles and its early use prevents consumption. It was made to cure quickly. F. C. Duerson.

The testimony already submitted on behalf of the Government in the case against U. F. W. Neely, the alleged post office embezzler in Cuba, covers more than 2,000 type-written pages. This represents only a portion of the evidence.

"Failing to find relief from the grip with old methods, I took Dr. Miles' Pain Pills, Nerve and Nerve and Liver Pills and was permanently cured."—Gust. Egan, Jackson, Mich.

Children who are troubled with worms are pale in the face, fretful by spells, restless in sleep, have blue rings around their eyes, bad dreams, variable appetite, and pick the nose. White's Cream Vermifuge will kill and expel these parasites. Price 25 cents. Thos. Kennedy.

A prominent lawyer from Eastern Kentucky says John L. Powers, under indictment for complicity in the murder of Gov. Goebel, left Kentucky six months ago, and is now holding an office under the administration of Gov. Stone at Harriessburg, Pa.

A Kentuckian on Kentucky.

Editor Public Spirit:—Since I have been in Clearfield (about a month) the good people here have asked me many questions about Kentucky. Many of them seem to have an idea that a Kentuckian must of necessity be an out law. This idea is erroneous and has its origin in the sensational reports sent out by a lot of penny liners who connect every "killing" no matter what the circumstances are, with a "Kentucky feud."

There are Kentucky feuds such as the "French Everole," the "Hatfield-McCoy," the "Baker-White," etc, but, happily, they were all confined to one small section of the State—the south-eastern part—in the eleventh Congressional district, which gave Yerkes and Taylor, Republican candidates for Governor, about 18,000 majority. The people of the mountains, generally, as well as those of the blue grass and bear grass regions, are honest, courageous, hospitable, courteous and civil, albeit any Kentuckian who lays claim to being a gentleman will resent an insult. His nature is to treat people with respect and requires the same treatment for himself.

Nearly every Kentuckian goes well armed every day—with a cork screw, but comparatively few men of courage carry deadly weapons. Such a practice is cowardly and when a man of true courage feels it to be his duty to box the ears of one of those walking arsenals and perform that duty, fire arms are seldom called into action. An Irishman, Pat Punch, one of the bravest and truest men I ever knew, was Chief of Police of the city of Mt. Sterling, Ky., for six years and never carried a weapon of any kind, not even a "billy," during his incumbency, although he passed through Mt. Sterling's stormiest period, and arrested some of the most dangerous characters in that section. I believe the song which says, "You never knew a coward where the Shamrock grows," is about the size of it.

The most disgraceful blot on the pages of Kentucky history was placed there by pretender Wm. S. Taylor, now a fugitive from justice. The Goebel-Taylor election was held under the election law which bore Governor Goebel's name, and by that same law Taylor was given a certificate of election, reciting the fact that he (Taylor) had received the majority of the votes cast upon the face of the returns.

The contest was made under a clause of the constitution as old as the Commonwealth itself and not under the Goebel law, as the Republican speakers and papers would have you believe. The Goebel law had no more to do with that contest than Senator Johnson's anti-high hat theatre law.

The Democrats proceeded along legal and constitutional lines and kept their temper. They didn't fight nor talk about fighting and when pretender Taylor saw the hand writing on the wall, that his name must soon be mud, then it was that the diabolical plot was made to kill Governor Goebel. Then from this dark corner of Kentucky were brought, on free railroad passes, eleven hundred feudists and red handed murderers to terrorize the capital. The legislature was dispersed by the bayonet to assemble in London, Laurel county, an unimportant little town where Taylor and his gang expected protection. There has not been such an outrage committed since the day when the Pretorian Guard of blood-stained conspirators, led by the blood of the virtuous Pompey, rushed out on the ramparts of their sordid camps and auctioned

off the world by the throne of Rome. Kentucky, praise the Lord, is all right now. Revolution has ceased and law and order reigns. After the hanging is over, normal conditions will be restored.

S. S. CASBITY

In Public Spirit of Clearfield, Pa., February 7.

From Checotah, Indian Territory.

Dear Editor:—There has been so much said in the papers about the Indian uprising I feel like saying a word to let my friends know I have not been scalped. I have charge of the churches at Eufula and Checotah, the seat of the great uprising. If I never die till I am scalped by the Indians, I expect I will live a long time. The Indian, as a rule, is a peaceable, quiet citizen, unless he is crazed by rum. Over ninety per cent of the meanness done here is by the white man. There are many more whites than red men. A great many of these whites love adventure and would be glad to kill the poor Indian, the one whom he has robbed of his land. Let us notice a few things in detail about the uprising.

1.—A treaty was made with the Indians years ago that this land is to be theirs "as long as the rivers flow and the grass grows green." Uncle Sam considered that the Indian broke his part of the treaty when he sided with and fought for Southern Confederacy. After the war the Indian was forced to share his land with the slaves that were in his possession. And still later on Uncle Sam broke his treaty by taking from the red man the right of self government. They have allowed in some only. The name of their officers are Chiefs, Light-horsemen (sheriffs), Kings and Warriors (representative and senators).

2.—Many of the Indians have opposed to any new treaties. I have had a long talk with one of the most intelligent of the Creek leaders. He says for some time there has been considerable opposition on the part of the full bloods to any innovations. These full bloods can not speak English much and as a rule are ignorant. They have had implicit confidence in Uncle Sam and thought that this is too great and good a nation to break a treaty, and have blamed some of the more intelligent leaders for the changes. On the other hand some of these leaders have seen the wire working and have favored a few changes in order to conciliate things.

3.—As to the uprising—there has been no uprising except the increase in the circulation of the papers. Every newspaper reporter says the other fellow made the money. "Snake" did have some followers, I don't very much whether there were one hundred. He was misled by some one in authority at Washington. He was sent word that the Government would stand by his treaty, of course he thought the old treaty was meant. Instead of his message to the President being an insolent one it was intended as one of deference—just simply notifying the President that he had resumed self government. "Snake" and several of his followers were brought to this town to send to Muskogee jail. They were full blood Indians but did not look like mean ones. The Judge has given instructions to the "Grand Jury" to find a bill of treason against the leaders. Of course the arrest of the leaders was right, but prominent white citizens say they are going to intercede for their release. I know that many white men would be glad of a chance to kill an Indian. Due allowance should be made. We should remember that the red man, though not as much civilized as we are, is our brother.

NO MORE CIGARETTES.

An anti cigarette bill has passed both houses of the Delaware Legislature and will be signed by the Governor.

A pity that men will engage in a habit of destroying themselves until the back bone of the community must demand protection by legislative enactment. A cigarette fiend is delirious in suicide the same as those addicted to the opium habit. Were evil effects confined to the indulging individual it would matter little, but the effects are handed down by inheritance until the Nation becomes weaklings in mind and body, and our asylums and other homes for our unfortunates are filled to overflowing and the burden in caring for them becomes onerous. There are some men who will puff a cigarette in the presence of the intelligent and respectable, and this is evidence of the complete destruction of the sense to shame the same as the man who reared in a moral home, had been taught pride, that his native endowments, developed by education in colleges and travel were sufficient to bring light from chaos, to advance the age materially, and yet would yield to the wine-glass habit until from an acknowledged leader in the world's strides he is a common drunkard on the list of the pitiable. Kentucky, once proud and chivalrous, has much to do in protecting her sons and daughters from the cigarette, the whisky, the opium habit. The time is now.

WHO IS TO BLAME

Official Reporter, C. Cyrus Turner, of the Court of Appeals, asserts that the delay in publishing the court reports is chargeable to the Public Printer, and the Public Printer lays the delay to Mr. Turner. Well, we don't know anything of this special case, but we do know Charles Turner's way of transacting business. We know he is always ready with copy on hand and he would prompt with Mr. Turner in any emergency. We have seen the Public Printer was overworked with work and that here lies the cause. In taking large jobs the publisher often bites off more than he can chew within a given time.

Jacob Henry is a candidate for Councilman in the Fourth Ward, subject to the action of the Democratic party. We had thought of Jake much, for we esteem him highly, but never in connection with this place until now. It takes men of different minds to make a wise Council, and so different is he in thought from others named, we have no hesitancy in saying he will make a good one, and if he and Charlie Oldham don't make fine Councilmen it won't be for their lack of ability, their push and tenacity. We are sure Mr. Henry will make a profitable Councilman that ought to have been done will be accomplished. His Democratic is pure. From his youth he has obtained from intoxicants of all kinds, and is a safe man.

Mr. C. H. Bryan has again been induced to allow his name to go before the Democratic party subject to their action as a candidate for Councilman of the First Ward. Mr. Bryan has been on this board for many years. He has been faithful and wise in the discharge of his duties. In his hands the city's interests have not suffered. Mr. Bryan is a studious man and observes the progress of other cities of the same class, is quick to see our needs and then presses for the adoption of methods by which we are kept abreast with other cities. We have never at any time had a better Councilman than Mr. Bryan, and we do not know of any man in the First Ward or the city of Mt. Sterling that would make a more acceptable Councilman than Mr. Bryan. His record is before the people. His running mate is Millard Hainline, a new man in this business. He also asks the Democratic party to name him as its candidate. We can judge of Mr. Hainline for this place only from his record in his private business. He has been attentive to his own and so he will be to the city's. He has been conscientious in his own and so he will be in the city's. He has been energetic in his own and so he will be in the city's. He has been safe in his own and so he will be in the city's. Millard Hainline will make a fine Councilman, and no ward would have better men to care for the city's interests than the First. His Democracy is acceptable.

T. H. Eastin and John F. King are candidates for Councilmen in the Second Ward. Mr. Eastin being one of the present incumbents, his record is before the people, and they are therefore in position to judge the material he is made of and whether he is the best man that can be offered for Councilman in his ward. As the rocks are firmly implanted in the hills, so Mr. Eastin is implanted in the principles of Democracy. He offers his record and pledges to use his best abilities in the discharge of his duties as Councilman in subserving the best interests of the city.

Mr. King is a young man—a bachelor—one who can not afford, even were he so disposed to be an idler in any calling. As a bank officer he made a good one; good goods merchant he is up to date, and so we may expect of him as a Councilman. On subjects coming before him he will have decided views, and we believe will be careful and aggressive. A Democrat he is ever loyal.

In this issue appears the announcement of Mr. W. T. Stokely, of Spelter, who asks the voters of this county to name him as their folk. He has been a resident of the county for about twenty years. He is a farmer. He seeks the nomination for the office at the hands of the Democratic party, with which he has been affiliated all his life, and for the interest of which he has labored. At the last county election he aspired to this same position, but being defeated he supported and worked for the nominee. So far as his habits and character are concerned, his life is known to our people and he fears no investigation. He asks a consideration of his claim.

To our ears has come the news that some of our Democratic friends are not pleased with the city slate and are round doing much talking. Now this is not the way for Democrats to do. If they are not pleased get up another slate; put out candidates and let the Democrats settle the question as to who shall make up the slates, and then we will all be with the nominees—prepared to give the Republican ticket what Pattle gave the drum.

In this issue we announce Henry Watson candidate for County Attorney. Mr. Watson came to this city from Estill county in 1884, a poor carpenter, and after following his trade a short while was appointed railroad watchman and special police, and while thus serving lost a foot and while recovering from this he read law and was admitted to the bar about five years ago. With a large family he has struggled hard, gaining a good practice and supporting them. In addition to his practice he put a telephone plant in here, one at Winchester, one at Morehead, and is now arranging for a plant at Jackson. During this period he has found an abundance of time to do political work for his friends, ever adhering to the principles of Democracy. For two terms he served as Councilman from the Second Ward, and for many years has been Secretary of the Fire Department. Mr. Watson is young, active and determined, and says if the Democrats will name him for County Attorney he will win the race against any Republican that party may offer and that the people will never regret having chosen him to fill this important place, for he will see to it that the law is observed and those who wilfully disregard law are punished to its limit.

THE FIGHT DECLARED OFF.

On Thursday at Cincinnati, O., Judge Hollister issued a permanent injunction against the Jeffries-Ruhlin contest proceeding in that city on Friday night or any other date.

We congratulate Gov. Nash for the firm stand he took in suppressing this prize fight. We hope to see the downfall of such "athletic culture." Of course, there will be some "high-toned gentlemen of refined taste" who will object to the rulings of Judge Hollister and the opposition of the Governor.

The laws of Kansas may permit the destruction of property in illegal use, but they must surely do not invite it. Mrs. Carrie Nation's work of property destruction may result in the loss of several drunks, but her course is anything but laudable. It is Kansas' business to enforce her laws and a failure of the officers to discharge their duty makes them answerable not to Mr. Nation or any set of women, but to the entire people. Mayor Harrison spoke well when he said she had better return to her home.

If John F. Richardson is nominated and elected as Assessor he will have for his deputy Mr. Bert O'Rear, of the Grassy Lick neighborhood, a man who has been raised on the farm an intelligent, energetic and honorable man, well qualified to accurately estimate the values of land, its product, live stock, etc.

In this issue is the announcement of Mr. James W. Lockridge, who asks the voters of this county to commit to him the duties and responsibilities of the office of Jailor. He seeks the nomination by the Democratic party. He is a native of the county and is held in high esteem. He is an excellent citizen, worthy of the trust, if he is elected.

Mt. Sterling pavements are awful. Some day the city will wake to find a damage suit of some size, because some one has slipped and fallen on their terrible pavements breaking bones.

Every man has a right to ask for party favors and it seems from those out and those talked of the woods is full of them this asking.

Speaker Henderson is again in his chair in the House of Representatives after a severe attack of grip. 28 41

The churches of the city, representing a membership of more than 1600 and congregations which should represent at least double that number, closed their doors to the gospel on last Sunday evening to hear Mrs. Frances Beauchamp, of Lexington, tell about the W. C. T. U. school which they hope to have some of those days. There are hundreds of people in Mt. Sterling who are unevangelized and the foolishness of preaching is enjoined and through it salvation is brought to the lost, we doubt the wisdom of closing the houses. We approve temperance, education and that a hearing should be given Mrs. Beauchamp, but we hardly think the Lord's day the time to do this work—advertising a temperance organ, recruiting for white ribbon bands and enlisting the people on educational lines. We are heartily in sympathy with every movement which tends to better the people, but the gospel must never be put in background. Who knows but that some soul will answer in hell: I would have yielded to the overtures of mercy Sunday evening, February 17, 1901, but no opportunity was offered. Who would be responsible?

Exercise and Health.

Exercise is a splendid thing for a healthy person. But when the body is weakened by disease, exercise strains rather than strengthens. Exercise will not cure a "weak" stomach. It may increase the appetite, but it won't cure dyspepsia, and an increased appetite is a curse just as blessing to the sufferer from dyspepsia.

Take exercise by all means but also take Dr. Pierce's Golden Medical Discovery if there is a demand or diseased condition of the stomach and other organs of digestion and nutrition. This medicine is not a cure-all but a specific for diseases of the stomach and digestive system. It strengthens the stomach, purifies the blood, and increases physical vigor.

There is no alcohol contained in "Golden Medical Discovery" and it is absolutely free from opium, cocaine and every other narcotic.

It is strictly a temperance medicine.

"I wish to say that Dr. Pierce's Golden Medical Discovery has proved a great blessing to me," writes Mrs. Eliza R. Smith, of Franklin County, Mass. "Prior to September, 1895, I had suffered from dyspepsia for several years, going through a course of treatment without any real benefit. I had been told that I had a weak stomach and was advised to take Dr. Pierce's medicine and in a short time I could eat and sleep. I have gained twenty pounds in two months."

Dr. Pierce's Pleasant Pellets are a cure for constipation.

Prisoner Paroled.

About twelve years ago, James Logsdon, aged eighteen years, who lived near Athens, was sent to the penitentiary for twenty-one years for killing his father. The latter abused the boy's mother, which led to the killing. Logsdon was last week paroled by the State Board and discharged from prison.

February Court.

About 1200 cattle on the market. Very few good ones offered. Market fair but trade a little slow. Buyers claiming prices too high.

The best feeders sold at 4 1/2; yearlings at 4 1/2 to 5; heifers at 3 to 3 1/2; cows at 2 1/2 to 3 1/2. Cattle all sold at so much per head. We only noticed one bunch of yearlings weighed, on prices were often higher than the purchaser thought. The man who thinks the trader from the mountains does not know his business has a whole lot to learn. A fair sized crowd in attendance from over the State but no buyers from other States. Most of the trading was done in the afternoon but at about the price quoted. We give some sales but a great many were made that we did not get.

W. P. Fisher, of Paris, bought 30 450 lb. yearlings at \$22.50 per head from Arnett & Keeton.

Green Allen sold a bunch of about 950 lb. steers to M. R. Evans, of Bourbon county, at \$43 per head.

W. G. Bailey bought 12 700-lb. steers of Arnett & Keeton at \$30.

Murphy & Downing sold 30 about 600-lb. yearling steers to Wm. Mansfield at \$22.50 per head.

Asa Dooley, of Clark county, bought some 950 lb. steers of John Trimble at 4 1/2.

James Bogle bought 13 650-lb. yearlings of Razor & lies, at 4 1/2. These cattle were weighed. Mr. Hazzard bought a lot more at about this price.

Green Allen sold 8 about 750-lb. steers to Green Bailey at \$32.

Risner & Bays sold 10 about 600-lb. heifers to David Pense at \$22.50. Same party sold a bunch of 700-lb. steers at 4 1/2.

Mr. Dulaney, of Clark county, bought some rough 900 lb. oxen at 1 1/2 to 1 3/4.

C. B. Trimble and father, of Johnson county, sold 17 900-lb. cattle at \$4.50.

HIDES AND MULES.

A big lot of mules for sale and trade was fairly brisk. Medium mules were, we think, a little lower. Good mules were in at strong prices, some selling as high as \$150 per head. Medium mules sold at \$80 to \$110. Lexington dealers bought about 25 head at from \$80 to \$150. Other sales were made at these prices. Horses were about as usual. Some sales of medium horses at \$50 to \$100. Prices at lower figures. No fine horses sold.

The friends of Mrs. L. Dunnington will be pleased to learn of her recovery from grip, at her home in Ray City, Mich., through the use of Dr. Miles' Nervine and Pills.

Jno. F. Richardson has sold to Peter Amyx his farm near Canarago for \$4000.

T. L. Somo sold to H. Moss 8 shares at 4 1/2.

H. C. Turner sold to H. R. McCormick, of Farmington, Mo., a 2 year-old bay filly by Harbison Chief for \$240.

Tobacco Sale.

Asa Bean sold last Thursday at People's House, Louisville, five hds. of tobacco. He shipped five hds. also to Cincinnati of same crop. The sale at People's House averaged \$7.40. Leaf sold at \$9; Lugs, \$8.30; Red, \$6.90; Trash, \$7.30; Flyings \$5.55, making an average at home of 6 1/2. The best offer Mr. Bean had at home was 5 1/2.

From this sale it would seem that our farmers would get more money for their tobacco by shipping. Farmers that are thinking of shipping their crops will find it to their interest to see Mr. Bean, as he can offer them a commission to ship to the People's House.

The Ladies and Knights of the Macabees gave a banquet at the Masonic Temple last Thursday evening, which in point of elegance would be hard to surpass. Substantials and delicacies were served in the height of culinary art, tastefully arranged with decorations. A large number of the friends of the order were in attendance and the proceeds realized surpassed expectation, about \$100 being the amount. After the banquet had been served dancing was in order and those who were so inclined enjoyed themselves until the midnight hour advised adjournment.

GOVERNOR OF OREGON Uses Pe-ru-na in His Family for Colds and Grip.

CAPITOL BUILDING, SALEM, OREGON.
A Letter From the Executive Office of Oregon.

The Governor of Oregon is an ardent admirer of Pe-ru-na. He keeps it constantly in the house. In a recent letter to Dr. Hartman he says:

STATE OF OREGON,
EXECUTIVE DEPARTMENT,
SALEM, MAY 8, 1900.

Dear Sir:—I have had occasion to use your Pe-ru-na medicine in my family for colds, and it proved to be an excellent remedy. I have not had occasion to use it for other ailments.

Yours very truly,
W. M. Lord.
Any man who wishes perfect health must be entirely free from catarrh. Catarrh is well-nigh universal; almost omnipresent. Pe-ru-na is the only absolute safeguard known. A cold is the beginning of catarrh. To prevent colds, so cure colds, is to cheat catarrh out of its victims. Pe-ru-na not only cures catarrh, but prevents. Every household should be supplied with this great remedy for colds, cures and so forth.

It will be noticed that the Governor says he has not had occasion to use Pe-ru-na for other ailments. The reason for this is, most other ailments begin with a cold. Using Pe-ru-na to promptly cure colds, he protects his family against other ailments. This is exactly what every other family in the United States should do. Keep Pe-ru-na in the house. Use it for coughs, colds, in grippe, and other climatic affections of winter, and there will be no other ailments in the house. Such families should provide themselves with a copy of Dr. Hartman's free book, entitled "Winter Catarrh." Address Dr. Hartman, Columbus, Ohio.

Reversed Cases.

In the Federal Court at Cincinnati the case of Robert Lockie, H. H. Miller, W. P. Cline and J. J. O'Neil, et al., was argued with the complaining in pasted regions from voting, were reversed. The court reversed themselves in the error of Judge Evans. It is a little curious in the fact that the court had reversed in the case of the same case.

This is the court's first reversing the character of the defendants, and there was not a word in the record to warrant such a reversal.

Are you not a little surprised and amazed by a fact of this kind? The fact is, however, that the court will reverse the sound and effect of a law and a radical cure. Price, 25 cents and 50 cents. Those Kennedy.

John Kennedy, Hopkinson, who was a physician for months ago, was vigorously opposed to find himself unable to talk when he was from his night's sleep Monday morning of last week.

Millions of people are familiar with DeWitt's Little Early Risers and those who use them find them to be famous little liver pills. Never gripe. F. C. Duerksen.

To Succeed Judge Kimbrough.
Gov. Beckham last week appointed the Hon. Hanson Kennedy, of Garfield, Chief Judge of the Eighteenth Judicial District to fill the vacancy caused by the death of Judge W. W. Kimbrough. An election will have to be held in November.

A powerful engine cannot be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs, if the stomach cannot digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure should be used. It digests what you eat and it simply can't help but do you good. F. C. Duerksen.

Refuses to Pay.

The Western Union Telegraph Company filed a suit in the United States Court against the city of Lexington, asking for an injunction restraining the city of Lexington or its officials from collecting a license of \$250 per annum levied against the company.

The profit of a gold mine depends, not on the amount of rock crushed under the stamps but upon the amount of gold which can be extracted from the rock. In a similar way the value of the food which is eaten does not depend on the quantity which is taken into the stomach but upon the amount of nourishment extracted from it by the organs of nutrition and digestion. When these organs are diseased they fail to extract the nourishment in sufficient quantities to supply the needs of the several organs of the body, and these organs cannot work without nourishment. The result is heart trouble, liver trouble, and many other ailments. Dr. Pierce's Golden Medical Discovery, acting on every organ of the digestive and nutritive system, restores it to health and vigor. It cures diseases remote from the stomach through the stomach in which they originated. "Golden Medical Discovery" contains neither alcohol nor narcotics.

Efforts to Put Deserters on Pension List. Cost of Our Soldiers.

A discussion of the Army Appropriation Bill in the House Tuesday developed two striking points. One by means of special attack of the present Congress the disabilities of 2,000 civil war deserters were sought to be removed at great public expense, and the other that the cost of our soldiers, pensions included, is \$2,828 a man as against \$227 in Germany and \$232 in France. The bill was passed.

The captain may sentence a man to 14 days of this punishment or to 90 days' imprisonment in cells. Beyond that term he cannot go. But there are an infinite number of smaller punishments which he may inflict for a variety of offenses that to a landsman might seem mere trifles. Such are being late in turning out of a morning, wearing socks not of the regulation pattern, and so on. Usually a man's previous character is considered, and there is a kind of unwritten first offenders' law, which carries

great weight with most commanding officers. It is well for Jack that it is so, for by depriving a man of badges or disrating him a captain can not only seriously decrease the offender's pay while serving, but also the pension which he looks forward to as a reward against old age.

As with the men so with the officers; to stand well with the captain means everything to them, for the captain has to make a confidential report concerning every one of them, and upon what he says in this document the officers' prospects largely depend.

Doubtless a good many persons will be surprised to learn that corporal punishment is still administered in the British navy. The "cat" has been abolished, but canings and birchings are very frequent. Only boys—young seamen up to 18 years of age—are subjected to this form of correction.

Many people whose opinions of service discipline are obtained from occasionally hearing what takes place on a barrack square think that naval officers are in the habit of bullying. This is quite unnecessary, as the average naval officer can put more "bite" into a few quiet words than the ordinary man could get into half a day's hard swearing.

It is very seriously doubted whether Gen. Tung Fu Hsiang will agree to commit suicide. The army worships him. He has absolute control of the Mohammedans and is believed to be one himself.

Lee Young has had a severe attack of grip for a week.

Wm. B. Flanders, an aged and highly respected citizen of Indy, is dangerously sick.

J. B. Highland has had grip for more than a week.

Miss Nellie Boyd is able to be out after a severe attack of measles.

Judge Alexander, of Sharpburg, aged 83 years, is very sick with no hope of recovery.

Mrs. H. C. Graves has gone to Madisonville to be treated for rheumatism.

Miss Georgia Boyd is rapidly recovering from an attack of measles.

William Bridgeforth and wife, who have been down with grip, are able to be out. Mr. Bridgeforth was in the city court day.

James Willoughby, white, and John Brown, colored, quarreled over a dusky female in Deep Bottom. Much language, high temper and bad whiskey brought about a shooting fray, both using their weapons. Willoughby firing and pursuing the negro went into C. W. Howe's Grocery, and a ball, evidently from Willoughby's pistol, struck an upright beam in the grocery, rebounded, and struck Mr. E. C. Wheeler, clerk in the grocery, in the forehead, going under the skin and coming out above the temple.

Both offenders are in jail. What Mr. Coons and Judge Hazelrigg will do to them will be a plenty.

Five hundred men and women a Topeka, Kansas, led by Mrs. Carrie Nation observed the Lord's day by cursing joints. They destroyed much liquor and movable bar fixtures.

A Clear Head.

To the engineer who has the powerful forces of nature under his control, the possession of a clear head is an absolute necessity. He must have a head that is quick and ready, wide awake and ever on the lookout to meet emergencies. A clear head must be free from aches and pains, because they weaken the nervous force and divert the attention. It must not know dizziness, dullness, melancholy depression of spirits, nor nervousness.

"I am an engineer and for years was handicapped in my work by frequent attacks of severe headache. In spite of everything I could do these spells grew worse until they became almost continual. Hearing of Dr. Miles' Nervine through a friend who had used it, I began taking it for my head, and it gave me relief from the start. In a short time my head was as clear as a bell, and has not troubled me since." E. W. WILSON, Alcott, Colo.

Mrs. Francis Beauchamp at Mt. Sterling.

Sunday evening the churches of the city closed their doors to hear Mrs. Francis Beauchamp at the Baptist church. At least 500 persons heard this talented woman. She was here by invitation of the local W. L. T. U.

For a basis of her remarks on "Moral School work" she took up 10th and 15th verses of the 10th Chapter of Romans. Every organization has a double purpose. Only those with living principles live on and on. The chief end of the W. L. T. U. is bodily religion, and for this we are backed in the Word. What we seek in quantity and quality lies to it, between our thoughts. A poor heart weak badly prepared a poor speech.

Eating and drinking has much to do with poverty. Better be an off-spring of the periodical speaking husband than one of the moderate drinking mother.

We clothe the boy and girl from throat to foot to protect from cold, but fail to guard them from the drink shop or cigarette counter. The hard case men will not allow any respect

be placed first in the smoke of the cigarette and the drink of the beer for health. Tight corsets and leavies are fearful. Men go from the first drink, cigarette and beer to eternal ruin. I must close this time to know the great need of education. Eastern Kentucky people have receptive minds. I found 100 people in Kentucky, where I could be reached only on horseback or by road, and I have seen the same people on the railroad. Here are people of the Anglo Saxon blood with an opportunity will reduce the State from its present condition. I am going to institute in the mountains I found teachers who had no other states who did not understand me when I spoke of the Lord's Prayer. In an institution where there were five-six teachers eight knew the Lord's Prayer and one fourth understood and testaments.

An Industrial School is needed. We don't go in debt and as soon as the money is received our Eastern Kentucky Mountain Schools will be open. A non-secular school is best for the reason it would be without prejudice. I don't know church lines.

STARVED

Slow growth of hair comes from lack of hair food. The hair has no life. It is starved. It keeps coming out, gets thinner and thinner, bald spots appear, then actual baldness. The only good hair food you can buy is—

HAIR VIGOR

It feeds the roots, stops starvation, and the hair grows thick and long. It cures dandruff also. Keep a bottle of it on your dressing table. It always restores color to faded or gray hair. Mind, we say "always."

\$1.00 a bottle. All druggists.

WHAT ACTING IS.

Views of Henry Irving Relating to Matters of the Stage.

"I have been termed natural and unnatural," says Henry Irving in an interview in the London Era. "Now, what is nature in the theater? If to have personality for a moment we are to act upon the curious advice of some of our friends and play Shakespeare without scenery and only boards—I do not mean a pun, please—and just announce 'This is a wood,' or 'This is a palace,' and thereby tell a deliberate farfetched lie, is that nature? I think not. Nature unadorned, we have it on authority, is the best. But all will agree that it is best not to carry that simile too far. We who present so many hours' traffic on the stage of the masterpieces of the world's literature strive for the poetic and true. We do not seek for meretricious show. We desire to let the playgoer see the play as it should be, and therefore we mount it as well and as accurately as we can. As to acting, eh? Well, well. Acting what is acting? Before now these have been discussed by others. Yes, and by myself. As you say, by myself. No great harm in that. Still, what is acting? That is the question. I am an actor born? Perhaps; he is not exactly made, yet many actors have been made out of unpromising material. The point is that a man who feels he is an actor almost invariably succeeds in convincing others that he is right. So much depends upon temperament. Every actor who plays tragic parts has his theory about Hamlet. My dear friend, every man who thinks is Hamlet. Hamlet was a vacillating thinker, a dreamer, a person of inaction, who, like so many of us mortals, meant well, but practically did not achieve overmuch. So, every actor who essays the part on the stage, being somewhat of a thinker himself, plays Hamlet as he feels him; and the part can be played a hundred ways, a thousand—different ways. And no one, no matter who he may be, can say whether any one particular reading is right or wrong; because we each and all judge the part from our own inward temperament and theory and criticism accordingly."

WHY THEY DID NOT SHOOT.

Men Who Were Not Built on Plan of Good Sportsman.

The story ran thus: The assistant was alone in camp, and saw the man in lion paws near the camp, when he took a rifle and double-barreled shotgun and ran to a big rock out in the plain, which the lion would pass. As the lion came within gunshot, the assistant would take up one gun and sight it over the rock at the animal, and then take it down without firing, to take up the other and go through the same motions, until the lion was out of reach. Then, turning to his assistant, Captain: "We were ashamed to let the rest of the party know about it, and said nothing, but will you tell us now why you did not shoot?"

After the laugh was ended, says the Forest and Stream, the assistant said: "I never was much of a hunter, nor a very good shot, and took both guns with me; but when the confounded lion was coming closer and closer to me, he kept growing bigger and bigger, until he seemed to me to be as big as an elephant, and I was afraid to shoot at him with the shotgun, for fear that I would wound him, and I did not dare shoot at him with the rifle, for fear that I could not kill him with the first shot; and when I saw how big he was, I made up my mind to let him alone, if I would only let me alone, and I was most might glad when he passed on by, and did not try to scrape a closer acquaintance." After we had finished laughing, he turned to Cap and said: "Tell us now how you shot the lion the Mexican smoked out for you?"

Cap apologized, saying: "When we first went out on the survey in New Mexico, I had just got a new Winchester, then a new gun, and was very anxious to get a shot at a lion, and, as one frequently came prowling about our camp, as we could see by his tracks in the dust, I thought I could not be contented until I had killed that lion. I coaxed one of the party, our guide, an old half-breed Mexican hunter, to locate him where I could shoot. In a day or so he told me he had the lion located in a den in some rocks, and when the wind came right, he would smoke him out for me and give me a chance to shoot him."

"A few days afterward we had a high south wind, and the hunter said: 'Now we'll get that lion.' We went about a mile to an outlying rocky spur of the mountain; where he stationed me to one side of a hole in the rocks, and then went around the end of the spur to start his smoke. When I found myself alone, I began thinking I was too close to the hole for safety, and moved off at a short distance, and got behind a big rock, over the top of which I could rest my gun and get a good aim. I had just got well settled when I saw a white thread of smoke creeping out through the hole. Carefully aiming my gun at the hole, I waited the coming of the lion. In a few minutes out he came, coughing, and the middle of the smoke saw as he stepped out of the smoke upon the rock. I was so scared I forgot that I had a gun, and watched him until he disappeared in a clump of trees, and then I remembered what I had come up there for, and was just thinking how glad I was that I had not shot and wounded him, when the old hunter came around the rocks and asked where the lion was. When I told him, he wanted to know why I had not shot him, and when I tried to explain, he muttered something about a coward, and started after the lion alone, while utterly disguised and ashamed of my cowardice, I went back to camp. In about two hours the old hunter brought in the lion's skin. While I never wanted to hunt any more lions, yet the old man was so disgusted with me that he would never take me with him in any of his hunts, from which he supplied the camp with fresh meat during the survey; and I don't know whether I could bring myself up to the point of shooting at one now or not if I was alone."

AS A SIAMESE DESCRIBED IT.

His Native Account of the Rites Observed by Card Players.

A very curious and interesting letter has been written to a compatriot by a Siamese visitor to Paris, in which the observant Asiatic records his impressions of card playing in the upper circles of the French capital. According to the Paris Gaulois, he says:

"The French declare that they worship one God only, but I do not believe it. For beyond the living God, to which one sees them pay their vows, they have several other 'feminine' deities to which they sacrifice, as I decline to remark in one of their assemblies where I chanced to be present. There was to be seen a large round altar, decorated with a green cloth, lighted from above, and surrounded by several persons who were seated, as we are in our domestic rites. When I entered, one of them, who appeared to be the priest, stepped upon the altar several leaves which he detached from a little book that he held in his hand. Upon the leaves were depicted several figures, very badly painted, which, however, seemed to be the representations of several gods, for, according as they were distributed around the circle, each of the devotees placed thereon his offering according to his devotion. I observed that the offerings were very much larger than those which are made in their public temples."

"After the ceremony of which I have spoken, the priest raised his trembling hand to the rest of the book and appeared several times seized with fear and incapacity of action. All the others, waiting what he was about to do, remained motionless and expectant. As each leaf was inspected the spectators appeared variously agitated according to the different emotions which influenced them. One, with joined hands, raised his eyes to Heaven, another ground his teeth, a third bit his fingers and beat his feet on the floor, and at last all of them adopted such attitudes and were seized with such singular contortions that they scarcely appeared to be human beings. But scarcely had the priest turned over the last leaf than he became himself enraged, tore the book, upset the altar, and cursed the ceremony. One heard now only lamentations, cries and imprecations. On seeing them thus furious and possessed, I judged that the god they worshipped was a jealous god, who, to punish them for sacrificing to other deities, had caused each of them to be possessed by a bad spirit."

TO CURE THE GRIP.

Advice of a Famous Physician.

First and Foremost, REST. Take care of yourself. Your already weary and aching nerves want rest, and must have it. If the attack is severe, go to bed and remain there. More fatalities result from neglect of this precaution than from any other cause.

Eat sparingly. Your digestive organs are in no condition to take care of large quantities of food. Drink plenty of pure, cold water. It attacks the fever, stimulates the kidneys to action and opens up the pores of the skin. Keep the bowels open with Dr. Miles' Nerve and Liver Pills. Take three doses of Dr. Miles' Nerve per day, and if you cannot sleep take an extra dose at bedtime. To further control the fever, and to overcome the peculiar aches and pains of grip, use Dr. Miles' Pain Pills. They act quickly and effectively, and no bad effects result from their use. These remedies have been thoroughly tested more than a million times, and their efficiency is thoroughly established. They never fail to give relief.

Dr. Miles' Remedies can be found at any drug store, and they are sold on a positive guarantee that first bottle benefits or money refunded. 28-41

There is always danger in using counterfeiters of Dr. Williams' Pink Pills. The original is a safe and certain remedy for all ailments, and healing saline for sores and skin diseases. F. C. Duerksen.
